### Phrases with prepositions

The correct choice for a gap often depends on matching the correct option with the preposition after the gap.

- 1a** Read the sentences and look at the highlighted prepositions. Choose the word that is followed by each preposition and fits the context.

- 1b** What prepositions are the other words followed by? Which words are not usually followed by a preposition?

Prepositions are also used before nouns, in fixed phrases or collocations. It is important to learn and recognise these. Sometimes the preposition may be the gap.

- 2** Look at the prepositions and nouns (A-D) carefully. Then choose the ones which form fixed phrases or collocations to complete the sentences.
