A Sneak Peek into the Future

Read the text below, choose the correct answer (A, B, C, D)

Step into the home of the future, where amazing technology makes household chores a breeze. Imagine a place where you can get things done quickly, leaving more time for fun and relaxation.

As you walk in, the smart home system senses you, instantly activating the lights and adjusting the temperature (1) _____ your preferred setting. A friendly voice from the smart assistant (2) _____ you, ready to help you out.

In the living room, the surfaces clean themselves, so you don't have to (3) _____ about spills or messes. Sink into the super comfy couch and enjoy the view through the windows that clean themselves. A little robot vacuum silently glides across the floors, easily avoiding furniture and objects. It knows exactly where to go and leaves your floors spotless without any (4) _____ from you.

Now let's head to the kitchen, where things get really cool. The smart kitchen assistant listens to your voice and suggests tasty recipes (5) _____ on what you have in the fridge. It guides you (6) _____, making cooking a breeze. Meanwhile, the dishwasher finishes its job and automatically puts the clean dishes in their right places. In the laundry room, the smart laundry system takes care of your clothes. It sorts, washes, dries, and folds them perfectly. You won't have to spend forever doing laundry (7) _____. Your clothes are always fresh and organized, ready to wear. As you enter the bedrooms, you (8) _____ your clothes are wrinkle-free. A special machine smooths out any wrinkles, saving you from the hassle of ironing. All around the house, appliances keep things smelling great. No more unpleasant odors lingering around. Everything stays fresh and inviting.

Isn't it a dream?
