a through b along c down

4 Look, choose and write.

around (x2) along (x2) through past across (x2)

Tom and Maria walk to school every day. Tom leaves his house and he walks (1) along the road. He goes (2) past the railway station and (3) across the bridge. He goes (4) through the park and then he is at school. Maria leaves her house and she walks (5) up the road. She goes (6) down the supermarket and (7) along the river. She goes (8) around the castle and then she is at school.
