Area

(length x width)

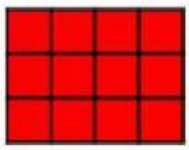

Name:_____ Date: _____

The space covered by the figure or any two-dimensional geometric shape, in a plane, is the area of the shape.

Find the area by counting the squares.

1. 

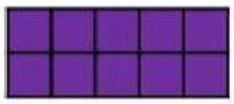

Area: _____

2. 

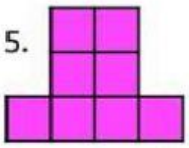

Area: _____

3. 

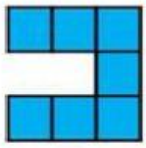

Area: _____

4. 

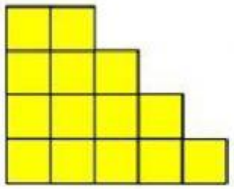

Area: _____

5. 

Area: _____

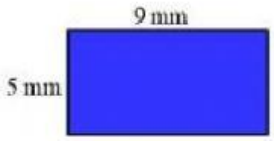

6. 

Area: _____

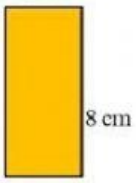

7. 

Area: _____

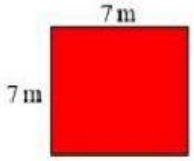

Find the area by multiplying the length x width

8. 

Area: _____ mm^2

9. 

Area: _____ cm^2

10. 

Area: _____ m^2
