

### Evaluación sumativa

1-Resuelve aplicando la propiedad conmutativa:

$$\bullet \quad 24 + 72 = \boxed{\phantom{00}} \boxed{\phantom{0}} \boxed{\phantom{00}} \\ \underbrace{\phantom{24}} \quad \underbrace{\phantom{72}} \\ \boxed{\phantom{00}} \quad \boxed{\phantom{00}}$$

$$\bullet \quad 526 + 272 = \boxed{\phantom{000}} \boxed{\phantom{0}} \boxed{\phantom{000}} \\ \underbrace{\phantom{526}} \quad \underbrace{\phantom{272}} \\ \boxed{\phantom{000}} \quad \boxed{\phantom{000}}$$

2- Resuelve aplicando la propiedad asociativa:

$$\bullet \quad (14 + 33) + 25 = \boxed{\phantom{00}} \boxed{\phantom{0}} \boxed{\phantom{000}} \\ \underbrace{\phantom{14 + 33}} \quad \downarrow \quad \underbrace{\phantom{25}} \\ \boxed{\phantom{00}} \boxed{\phantom{0}} \boxed{\phantom{00}} = \boxed{\phantom{00}} \boxed{\phantom{0}} \boxed{\phantom{00}} \\ \underbrace{\phantom{14 + 33}} \quad \underbrace{\phantom{25}} \\ \boxed{\phantom{000}} \quad \boxed{\phantom{000}}$$
