## Yi-Ying

I'm from Taiwan and food is really important in my country. I like to have fried eggs for breakfast. My parents usually eat vegetables and rice, too. When I'm at school I have a light snack with some fruit or fish. My family and I often eat lunch and dinner in restaurants because food isn't expensive here. We order several dishes and then we all try a bit of the different dishes.

## Charlotte

French cooking is famous all over the world. When my English cousins come in summer, they always want to eat cheese. They say it's better than any other food, but I don't agree with them. In France, we usually have a main course at lunch and dinner with some vegetables or soup. I don't really enjoy eating soup or vegetables, but my parents say they're healthy so I have them once a week.

## Lucrezia

I have pasta every day like most Italians. However, there are many other delicious dishes with meat, vegetables and cheese that I also enjoy eating. For breakfast, I have a cup of tea with bread, butter and jam. Then later in the morning I might have a few biscuits as a snack. My grandfather always makes my meals. At dinner, I often have fish or some cheese and vegetables, but my favorite is my grandad's pizza.
