Questions 153-155 refer to the following e-mail

To: Undisclosed recipients
From: Dean Glover <d.glover@emperorind.net>
Date: March 5
Subject: Connection problems

Greetings everyone,

This morning, we have received reports from various departments stating that the phone lines are down. We believe this has been caused by the lightning storm that occurred overnight. It seems that only the customer service, personnel, and marketing departments have been affected by this fault, with your phone lines in the sales department remaining unaffected. At this very moment, Terrence Preece from the IT department is working hard to restore full service to our phone network, and he is optimistic that this will be achieved by 6 P.M. today.

In the meantime, we ask that even those who are able to use your phones, please communicate with the affected departments using e-mail only. We understand the impact that this disruption will have on your productivity rates, but we are hopeful that you will do your best to work within the limitations presented.

Thank you for understanding.

Dean Glover
Network Manager

153. Who most likely was the e-mail sent to?

- (A) Managers at company headquarters
- (B) Staff in the sales department
- (C) Technicians in the IT department
- (D) Supervisors in the marketing department

154. What is indicated about Mr. Preece?

- (A) He will visit each department in person
- (B) He has called to request help with an office issue
- (C) He cannot currently be contacted by telephone
- (D) He expects to finish the repairs by the end of the day

155. What does Mr. Glover advise recipients to do?

- (A) Encourage staff to be more productive
- (B) Avoid using computers for the rest of the day
- (C) Use an alternative means of communication
- (D) Bring broken equipment to Mr. Preece for repairs

Questions 158-160 refer to the following advertisement

Truck for sale: Lunetta Silverback

This truck is 3 years old and in excellent condition for its age. With less than 15,000 miles on the odometer, it has had quite an easy life transporting animals for an animal sanctuary, and it has been used by only one very careful owner. This vehicle averages around 18 miles per gallon on the highway and 13 miles per gallon in the city, which makes its fuel efficiency quite competitive. Price reduced for quick sale to \$19,000 (or nearest offer).

Features: The truck is fitted with seat heaters for both the driver and front passenger. It also features dual and side airbags, satellite navigation, and a USB jack for any second-generation or higher smartphone. Finally, the warranty expires in just under two years.

The owner will arrange a test drive in the New Jersey area for serious buyers. Please call (201) 555-7586 and leave a message for Geraldine. All calls will be returned within 24 hours.

Questions 169-171 refer to the following notice

To All Tenants,

Please be advised that the water supply to the entire apartment complex will be shut off between the hours of 10 A.M. and 3 P.M. tomorrow. This is to enable the replacement of some old pipes, which have become corroded and fallen into a dangerous state of disrepair.

The plumbing company has requested that all tenants take precautions prior to tomorrow's start time, as changes in water pressure can cause problems when the water supply is reactivated. To avoid any such problems from affecting you or your apartment, please ensure that:

- All faucets are switched firmly to the 'off' position.
- Plugs are removed from all sinks and baths to prevent flooding in the event of high water pressure.
- Toilets in your unit are not used throughout these hours. Toilets in the lobby will be available as normal.

We apologize for any inconvenience that this may cause and appreciate your understanding while this essential work is carried out.

Regards,

Trevor Francis
