B. Read and answer: "A Day at the Park".

Yesterday, Mark and his friends went to the park. The weather was sunny, and they were excited to spend the day outdoors. They arrived at the park early in the morning and started setting up a picnic area near the lake.

While Mark was unpacking the food, his friends were playing frisbee. Suddenly, a dog ran towards them, and Mark's friend, Sarah, screamed in surprise. Mark quickly grabbed the frisbee and threw it to distract the dog. While Sarah was running away, Mark managed to get the dog's attention and keep it away from the group.

After the dog left, they continued with their picnic. While they were eating sandwiches and chatting, some ducks approached the lake. Mark's friend, Alex, decided to feed them, so he took out a bag of bread crumbs. While Alex was feeding the ducks, Mark and Sarah started exploring the park. They walked along the winding paths, enjoying the beautiful scenery.

While they were walking, Mark noticed a group of children playing soccer nearby. He asked Sarah if she wanted to join them. Sarah, who loved playing sports, eagerly agreed. Mark and Sarah joined the game and had a great time running and kicking the ball.

As the day went on, the weather started to change. While they were playing soccer, dark clouds appeared in the sky, and it began to rain. Mark and Sarah quickly left the game and rushed back to their picnic area. They packed up their belongings and ran to find shelter under a nearby gazebo.

While they were waiting for the rain to stop, Mark and Sarah shared stories and laughed together. Eventually, the rain subsided, and they decided to call it a day. They said goodbye to their friends, made their way back home, and reflected on the fun-filled day they had at the park.
