Read and decide whether the statements are true (T) or false (F)

Minh started his volunteering activities eight years ago when he was in grade 2. One day, while he was watching a programme on TV he saw how difficult life was for children in poor areas. His parents encouraged him to do something good, so Minh started to put aside some of his pocket money for charity. Since then, whenever his school raises money to help people in need, Minh has always donated some.

At the end of each school year, Minh also collects unwanted textbooks and notebooks from his classmates to send to poor students in different regions. In winter, Minh and his friends usually collect warm clothes to donate to people in the cold mountainous areas of Viet Nam. Minh is proud of what he does to help other people. He has also persuaded his younger brother and his cousins to join him in his charity work.
