## FARMERS AS ENTREPRENEURS

Can small-scale farmers become entrepreneurs? Yes. Small-scale farmers all over the world \_\_\_\_\_ a remarkable ability to adapt. They look for better ways to organise their farms. They \_\_\_ new crops and cultivars, better animals, and alternative technologies to increase productivity, diversify production, reduce risk – and to increase profits. They \_\_\_\_\_ more market-oriented and have learned to take calculated risks to open or create new markets for their products. Many small-scale farmers \_\_\_\_\_ many of the qualities of an entrepreneur.
