

# 1ST GRADE – MATHS

## NUMBERS UP TO 100

### INTERACTIVE WORKSHEET 01

I. Write the number that comes in between

|                      |                          |                     |                      |                          |                     |
|----------------------|--------------------------|---------------------|----------------------|--------------------------|---------------------|
| <b>12</b>            | <input type="text"/>     | <b>14</b>           | <b>24</b>            | <input type="text"/>     | <b>26</b>           |
| the number<br>before | the number<br>in between | the number<br>after | the number<br>before | the number<br>in between | the number<br>after |

---

II. Choose the number that comes just before.

|                         |                         |                         |                         |
|-------------------------|-------------------------|-------------------------|-------------------------|
| <input type="text"/> 16 | <input type="text"/> 31 | <input type="text"/> 28 | <input type="text"/> 42 |
|-------------------------|-------------------------|-------------------------|-------------------------|

III. Choose the number that comes just after

|                        |                         |                         |                         |
|------------------------|-------------------------|-------------------------|-------------------------|
| 7 <input type="text"/> | 18 <input type="text"/> | 49 <input type="text"/> | 21 <input type="text"/> |
|------------------------|-------------------------|-------------------------|-------------------------|

IV. Choose the number that is in between

|                          |                           |                            |                            |
|--------------------------|---------------------------|----------------------------|----------------------------|
| 2 <input type="text"/> 4 | 8 <input type="text"/> 10 | 27 <input type="text"/> 29 | 15 <input type="text"/> 17 |
|--------------------------|---------------------------|----------------------------|----------------------------|

V. Choose the number that comes just before.

|                        |                        |                         |                         |
|------------------------|------------------------|-------------------------|-------------------------|
| <input type="text"/> 4 | <input type="text"/> 9 | <input type="text"/> 17 | <input type="text"/> 50 |
|------------------------|------------------------|-------------------------|-------------------------|
