# THE MERRY MEN

Match the halves to complete the lines.

We are  
We're looking  
We rob  
We will never

for a fight  
never hide  
the merry men  
to give the poor

We are  
If you're wealthy,  
The merry men,  
We will not

the merry men  
that's right  
hide anymore  
lock your door

la la la la  
The merry men we are  
la la la la  
The merry men we are

Sherwood forest  
So all of you,  
In brightest day  
No evil shall

escape my sight  
is our lair  
In darkest night  
rich ones, beware

We may look like thieves  
Make no mistakes please  
We're fighting  
For people's needs

# WHEN MY EYES MET YOURS

Ever since I was a ,  
I thought a  would be my fate  
But now I know  
I only belong next to you

I will  for you

I'll be there for you  
Cos you are the love of my life

I have never seen  
Anyone as beautiful as you  
I promise I will be  
The  you need me to be  
You are more than I will ever need!

You will be in my mind  
every  every hour

I want you with all my 

My  came true

From the moment I met you

Because I found 

I found joy and so much more

My  came true

From the moment I met you

Because I found 

I found joy and so much more

When my   met yours

When my   met yours

I found my home
