

Robin Hood

KING OF THIEVES

ALL

They call him Robin Hood

He is the man

Courage, intelligence

Arrow in hand

(repeat)

Robin hood is the one

Robin hood is the one

Robin hood is the one

Robin hood is the one

Woman 1

Who will help us in despair

Or face danger with a smile on his face?

Woman 2

Who'll defend people's lost rights?

Who will never give up the fight?

Little John

There's nothing to fear

You're not alone

The merry men will help you all

Robin Hood

We will fight for a better life

Everybody come along

ALL

Robin hood, he's the one

They call him Robin Hood.

He is the man

courage, intelligence

arrow in hand

(repeat)

Robin Hood is the one

(repeat 4 times)

THE MERRY MEN

ALL

We are the merry men
We're looking for a fight
We rob to give the poor
We will never never hide

We are the merry men
If you're wealthy, lock your door
The merry men, that's right
We will not hide anymore

la la la la
The merry men we are
la la la la
The merry men we are

ROBIN HOOD

Sherwood forest is our lair
So all of you, rich ones, beware
In brightest day
In darkest night
No evil shall escape my sight

ALL

We may look like thieves
Make no mistakes, please
We're fighting
For people's needs

We are the merry men

We're looking for a fight
We rob to give the poor
We will never never hide

We are the merry men
If you're wealthy, lock your door
The merry men, that's right
We will not hide anymore

la la la la
The merry men we are
la la la la
The merry men we are
(repeat)

WHY WOULD I LIE

ROBIN

I keep helping people
But they call me a thief
I'll never surrender
It's what I believe in

MARIAN

I'm the king's niece
And my heart is pure
My aunt will use the money
To help the poor

ROBIN & MARIAN

Why would I lie
Tell me, why would I lie?

ROBIN

I speak the truth
You know I do

MARIAN

I just don't believe you

ROBIN

You should believe me
But not what they say
Look around and see
Things are going the wrong way

MARIAN

You can't understand
What a queen must do
Have faith in me
what I say is true

BOTH

Why would I lie
Tell me, why would I lie?
I speak the truth
Yes, I do
Please, believe me
Why would I lie
Tell me, why would I lie?
Tell me, how could I lie?
When I look into your eyes

ROBIN HOOD WILL FALL

JOANNE

He will drop down
Robin Hood will fall now
He will drop down
Robin Hood will fall
Duro!

He will drop down
Robin Hood will fall now
He will drop down
Robin Hood will fall

I came up
with a plan
It will be carried out

I came up
with a plan
I'm such a genius

SHERIFF

Yes, you are
Tell me your plan

JOANNE

An archery contest we
will have in town
And I know
Robin hood will come

SHERIFF

This is good
This is great
But how do you know
he'll be there

JOANNE

How do I know?

SHERIFF

Yes!

JOANNE

How do I know?

SHERIFF

Yes!

JOANNE

It's so easy to see
He likes Lady Marian
So the prize will be a little
kiss!

BOTH

a little kiss
a little kiss

He will drop down
Robin Hood will fall now
He will drop down
Robin Hood will fall

JOANNE

I came up
with a plan
It will be carried out

SHERIFF

Robin Hood will fall
down!

JOANNE

I came up
with a plan
I'm such a genius

WHEN MY EYES MET YOURS

Ever since I was a kid,
I thought a prince would be my fate
But now I know
I only belong next to you

I have never seen
Anyone as beautiful as you
I promise I will be
The prince you need me to be

You are more than I will ever need!

My dreams came true
The moment I met you
Because I found love
I found joy and so much more
When my eyes met yours

I will fight for you
I'll be there for you
Cos you are the love of my life

You will be on my mind
every minute every hour
I want you with all my heart

My dreams came true
From the moment I met you
Because I found love
I found joy and so much more

When my eyes met yours
I found my home
