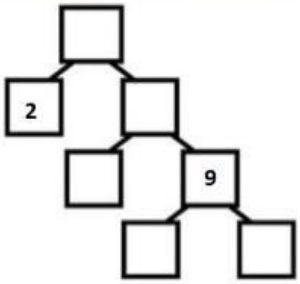
5TH GRADE – MATHS
FACTORS AND MULTIPLES
INTERACTIVE WORKSHEET 05

I. Prime factorise the following using the division and the factor three methods.

1. 64 = ☐
2. 88 = ☐
3. 96 = ☐
4. 80 = ☐
5. 66 = ☐
6. 100 = ☐

II. Factorise a number whose factors fill the given tree exactly.

Only the numbers below 50 should be used.



III. Write Yes / No under the divisibility of each number.

Number	Divisible by 3	Divisible by 6	Divisible by 9
801			
6006			
9450			
106
