## Time to Read!

The weather affects how we feel and what we need. When it's hot, we get sweaty and thirsty, so we should drink water. Sometimes, we **get tired** from the heat.

When it rains, we can **get wet** and cold. To warm up, we can put on a sweater or have a hot cup of tea. If we're lost or hungry when we're out, we can ask for directions or stop at a restaurant to

eat. We might also **get thirsty**, so we should bring water with us.

In conclusion, always be prepared for the weather because it can make us feel hot, wet, hungry, thirsty, lost, warm, tired, or cold.
