

Sarah McLachlan "World on Fire" <https://youtu.be/EDmEz3WEDWU>

Hearts are worn in these dark
You're not alone in this story's pages
The light has fallen amongst the living and the
And I'll try to hold it in, yeah I'll try to hold it in

Chorus:

The world is on fire, it's more than I can
I'll tap into the water, try to bring my share
I'll try to bring more, more than I can handle
Bring it to the table, bring what I am

I watch the heavens but I find no
Something I can do to change what's comin'
Stay close to me while the sky is falling
I don't wanna be left alone, don't wanna be

The world is on fire, it's more than I can handle
I'll tap into the water, try to bring my share
I'll try to bring more, more than I can
Bring it to the table, bring what I am able

Hearts break, hearts mend, love still
Visions clash, planes crash, still there's talk of
Saving souls, still the cold is closing in on us
We part the veil on our killer
Stray from the straight line on this short run
The more we take, the less we
The fortune of one man means less for some

The world is on fire, it's more than I can handle
I'll tap into the water, try to bring my share
I'll try to bring more, more than I can handle
Bring it to the table, bring what I am able Chorus x1
