

## I SHOULD GO

LISTEN AND MATCH

Here we are

Isn't it familiar

Haven't had someone to talk to

In such \_\_\_\_\_

And it's strange

All we have in common

And your company was just the thing I needed tonight

Somehow I feel \_\_\_\_\_

'cause I'm just a little shaken

By what's going on inside

\_\_\_\_\_

Before my will gets any weaker

And my eyes begin to linger

Longer than \_\_\_\_\_

I should go

Before I lose my sense of reason

I should

they should

a long time

I should apologize

SEMANA 5 – I BIM

And this hour holds more meaning  
Than it ever could

I should go

I should go

I should go

It's so hard

Keeping my composure

\_\_\_\_\_ I don't see how

Your body curves beneath your clothes

know what to do

And your laugh

Is pure and unaffected

It frightens me \_\_\_\_\_ so well the place I shouldn't go

I know I gotta take the noble path

'cause I don't want you to question

And pretend

The intentions that I have

Before my will gets any weaker

should

And my eyes begin to linger

Longer than they should

I should go

Before I lose my sense of reason

I should

And this hour holds more meaning

Than it ever could

\_\_\_\_\_ go

I should go

to know

Baby, I should go

I don't mean to leave you with a trivial excuse

And when you call tomorrow, I'll \_\_\_\_\_

I \_\_\_\_\_ go

Baby, I should

Before my will gets any weaker

And my eyes begin to linger

Longer than they should

I should go

SEMANA 5 – I BIM

Before I lose my sense of reason  
And this hour holds more meaning  
Than it ever could  
I should go  
I should go  
Baby, I should go
