William Shakespeare

Shakespeare was born in Stratford-Upon-Avon, a small town in England, in 1564. He went to school there, but he didn't go to university, because university was expensive in those days.

Shakespeare got married when he was only eighteen. About ten years later, he travelled to London: he wanted to be an actor, and all the important theatres were in London. His wife and children stayed in Stratford, but he sometimes visited them. Stratford was 150 kilometres from London, and the journey took two days.

Shakespeare soon became interested in writing. When he was about thirty, he wrote *Romeo and Juliet*. Everybody loved it! Many of his plays were very popular. He made a lot of money, and he bought a big house in Stratford for his family.

When he was about fifty, Shakespeare came back to Stratford to live with his family. He died a few years later.
