

TENSES

My friend Lucy(live) in Buenos Aires **since** she was born. However, **now** she (want) to move to Mexico because her boyfriend(live) there. She(go) to Mexico **7 times in her life**.

On her first trip to Mexico **in 2018**, she (meet) a boy whose name is Ivan. She (walk) in the beach **when suddenly** she (fall) down **because** she (not see) a rock on the beach. She (need) a doctor **because** she (break) a toe. However, she (not have) a car to go to the hospital. **In that moment**, Ivan (appear). He (see) how Lucy (fall down) so he (offer) her to take her to the hospital in his car. So they (go) to the hospital and a doctor said Lucy(need) to rest. She (be) really angry because she was on vacation and she (not want) to rest! **The following day**, Lucy was better! Ivan (invite) her to have dinner and she (accept). **That night**, they (go) to a restaurant which was near the beach. **After dinner**, they (go) to the beach. However, they (not walk) because Lucy (not can) move her feet. They (look) at the sea in complete silence **for 30 minutes when suddenly** Ivan (kiss) Lucy. She (be) so happy! **Since that day**, they (be) a couple. They (say) it was love at first sight.

Next year, Lucy ("can") live in Mexico with Ivan. They (live) in a house big enough for them and they (go) to the beach every day.
