A _____ I often come here with my friends. We sometimes imagine that we're racing drivers. It's great when you can drive a car with no one to help you. You turn the steering wheel and go around in circles or you can drive in different directions! There are no traffic rules! You just drive! You often bump into other cars but it's only fun! I don't understand why some people get angry when you bump into them!

B _____ It's very relaxing! You get into a cabin and the cabin goes up. It turns around and takes you really high! There are even some birds up there! They just fly around the cabin! You don't only see the birds. You get a fantastic view of the city from the top – streets and squares, churches and theatres, other parks and the station. It isn't fast but it's amazing!

C _____ I love doing this! It looks very simple. There are only some ropes, some wooden planks and platforms. There aren't any machines. You've only got some ropes to hold on to and a safety harness around you. There are some adult guides watching you but they don't help. You can go from one platform to another, climb trees and walk the tightropes. It isn't fast and it isn't high but it's very challenging!

D _____ This one is really great! You can't move. You can't turn left or right. When you get into the seat you just hold on tight and enjoy the speed! First, it moves slowly but then it starts going up and down very fast! Some people are scared and they scream out loud! My friends and I scream too because there are some really crazy turns! My mother says it's dangerous but I think it's great fun!
