Scan the reading for dates.

Climbing K2

K2 is the second-highest mountain in the world after Mount Everest. In 1939, Fritz Wiessner almost reached the top of K2, but he could not do it. Charles Houston tried to reach the top in 1938 and again in 1953, but he could not do it.

On July 31st, 1954, Lino Lacedelli and Achille Compagnoni from Italy became the first people to reach the top of K2. In 1977, a team from Japan became the second group to reach the top. In 1978, an American team became the third group to reach the top. In 1986, three women reached the top of K2.
