

EVALUATION OF MATERIALS
RATIONALE
EXTERNAL EVALUATION
Intended Audience. This textbook is aimed at intermediate level students with different learning styles and different levels of motivation
Proficiency level and context. The level of proficiency referred to is an advanced intermediate level of English, to adapt and put into practice all this new knowledge.
Appearance.
INTERNAL EVALUATION
Integration of Skills. We can add that skills are very important abilities because they allow students to know their capabilities and how prepared they are to achieve the objectives.
Grading The way students' work is graded should be a way of knowing how much they have learned in the process of training each one of them,
Learning Styles. Each person has his or her own learning style, understanding how to facilitate the processes and what I will do in each step of my development depends on each learning style,
OVERALL EVALUATION
Appropriateness. Adequacy helps to orient students to a different lifestyle and to adapt to the environment that surrounds us, in order to generate peace and a good study environment.
Flexibility flexibility refers to the possibility of acquiring knowledge and the ease with which you can use it in the preparation of classes and curricula.
Adaptability Adaptability allows the student to adapt to changes, improvements, and different lifestyles giving the students a better life and a better and more entertaining way of learning.

Match the word in column A with the definition in column B by writing the letter in column C

A		B		C
