

Home

Hi there, I'm going to tell you about my lovely house.

Let's start with the living room. Right now, I am sitting on the sofa and watching TV. I love watching my favorite shows and cartoons on the big screen.

I like playing with my toys in my bedroom. I have a closet where I keep my clothes and toys organized. I also have a bed where I sleep at night.

Next, let's move to the kitchen. My mom is cooking dinner right now. I can smell the delicious food she's preparing. I'm looking forward to eating it later.

The bathroom is where I brush my teeth and take a bath. There is a big mirror in the bathroom. I like looking at myself and making funny faces in front of the mirror. It's a lot of fun!

Outside, in the yard, I often play with my friends. We have a lot of fun running and playing games together. We also have a table where we sometimes sit to have snacks.

In the dining room, my family and I often have happy meals. We gather around the table and enjoy our food together. It's always a nice time to chat and share stories.

Last, I have a special box in my room. I keep my favorite pictures and little treasures inside it. It's like a treasure chest!

I hope you enjoyed hearing about my home. Thank you!
