Liveworksheets #1

Name: _____ Grade3: _____

Chapter 1: Eating Habits of Animals

Date: _____

Important Points.

1. All living things need **food to get energy**.
2. Plants **make their own food in their leaves**, while animals **either eat plants or animals**.
3. **Herbivores** are animals that **eat only plants**. **Cows, buffaloes, horses, rabbits and giraffes** are examples of herbivores.
4. **Carnivores** are animals that **eat other animals**. **Lions, wolves, tigers, dolphins and snakes** are examples of carnivores.
5. **Omnivores** are animals that **eat both plants and animals**. **Bears, humans, rats and crows** are examples of omnivores.
6. A chain which tells us who eats what in nature is called **food chain**.
7. **All food chains start with plants. All animals finally depend on plants for their food.**
8. Animals have **mouth parts suited** to the **type of food** they eat.
9. **Herbivores** have **sharp and broad front teeth** to bite off the grass.
10. **Carnivores** have **long, sharp and pointed teeth** to tear flesh.
11. Both **herbivores and carnivores have flat back teeth** to chew their food.
12. **Snakes can swallow animals bigger than their own heads**. When they have to swallow a large animal, **their jaws open out** and the mouth becomes very big.
13. **Snakes, lizards and frogs swallow their food without chewing**.
14. **Chameleons and frogs have a long and sticky tongue** to catch insects.
15. A **mosquito** has a **sharp and hollow tube** in its mouth to **suck blood**.
16. A **butterfly** has a **long and hollow tube** to **suck nectar**.
17. The **tube like mouth** of butterfly or mosquito is called **proboscis**.
18. **Turtles and tortoises do not have teeth**. They use their **beaks** to eat their food.

I. Unscramble the letter to know the name of these animals.

1. I have a long and sticky tongue to catch insects.

EMLEONCHA

2. I drink nectar with the help of my proboscis.

YLFTUBTER

3. I swallow animals bigger than my own head.

ESNAK

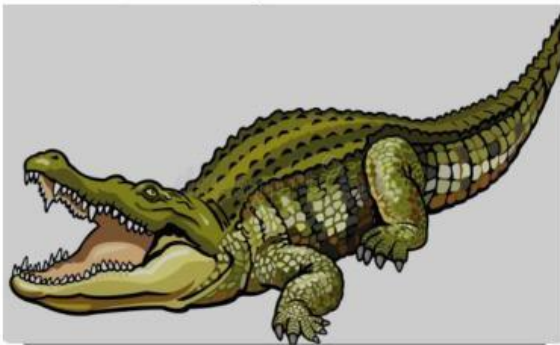

4. My sharp and pointed teeth help me to tear flesh.

ETCAHEH

5. I am a herbivore and I chew cud.

UFABFLO

II. Identify the animal in the picture if it's a herbivore, a carnivore or an omnivore. Encircle your answer.

Herbivore

Carnivore

Omnivore
