2. LISTEN AND COMPLETE:

From Disney sweetheart fifteen pop sensation Miley Cyrus _____ to be a star. She _____ millions and millions and millions of albums. She has legions of fans. She has set the bar for what a teen star can do.

Destiny Hope Cyrus _____ on November 23rd 1992 to country star Billy Ray Cyrus, but _____ famous as Miley Cyrus on the Disney show Hannah Montana. She loves making music, she loves being an actress and I just feel really blessed.

Penn Montana definitely _____ Miley Cyrus' career. Her music and her songs _____ very popular in the beginning, but it was the TV show that allowed her to come into everybody's home and to see her as a teenager and as a role model.

Three years later the double album Hannah Montana II (meet Miley Cyrus) hit number one on the Billboard 200 and _____ a sellout tour and 3d movie that _____ more than 155 million dollars worldwide. Miley Cyrus _____ a film based on her sold-out concert tour and yet it _____ a huge success and certainly _____ for other concert films by teen icons like Justin Bieber or Katy Perry.

At 16 Miley Cyrus _____ the youngest artist to have four number-one albums on the charts. But as she approached adulthood controversy followed. As Miley Cyrus began growing up and taking risque pictures for magazine covers making songs with subject matter that was maybe a bit of inappropriate for a young teen star initially it _____ a negative effect on her career but ultimately I think it _____ her successfully make that transition from a child star to an adult artist.

For 2009 hit single of the climb _____ certified triple platinum Cyrus then followed up that success with party in the USA which _____ one of the best-selling singles in the United States selling more than six million copies worldwide. The reason why I like Miley Cyrus is she takes risks. When she did party in the USA, not only was it kind of a different sound for her, she mentioned a Jay-z in the song and she just _____ people that she was a lot more hip than people _____ she was.
