3 Complete the text. Use only one word for each gap.

Helen is a young woman **76** _____ lives and works **77** _____ London. She **78** _____ a very good job and has been working for her present company **79** _____ nearly four years. But **80** _____ a lot of people don't know about her is that **81** _____ weekends she participates in a rather unusual hobby. **82** _____ she looks like a city girl, her passion is studying dolphins. As a **83** _____, every weekend she travels around the country to work **84** _____ a volunteer with marine research groups. She hasn't had the chance to swim with these beautiful creatures **85** _____, but she hopes to one day soon. Last Friday evening she set off for a town on the coast to spend the weekend counting dolphins as part of a scientific study. As she **86** _____ driving through the countryside, the weather changed completely and a dreadful thunderstorm **87** _____ her pull over and stop the car. Suddenly, lightning struck some trees just in front of the car and they burst into flames. Panicking, she tried to start the car in **88** _____ to move away from the flames **89** _____ were reaching out towards her, but the engine wouldn't start. Then she tried to open the doors, but they seemed to **90** _____ locked themselves. Helen took a deep breath and tried to calm down. She knew **91** _____ would be a simple solution. She tried pushing all the doors hard and suddenly **92** _____ of them opened. It was **93** _____ locked, it was just stuck. She climbed out of the car and walked away from it **94** _____ she could see the burning trees. She looked at **95** _____ carefully and decided they were not going to reach her car, but she was aware **96** _____ how lucky she had been. As soon as she was **97** _____ longer shaking, she decided to continue on her journey. **98** _____ she finally arrived at the volunteer centre an hour later, she told everyone what had happened. They all agreed that she had **99** _____ extremely lucky. Later that night Helen began thinking how her experience was almost the **100** _____ as the lives of the dolphins she studies – both affected by luck and the forces of nature.
