Subject: Vacation update!

Hi Maria,

How are you? All is going well in Greece now, but I was fairly unlucky during the first few days. [1]_____, I forgot to use sunblock and it was such a hot day that I got a sunburn. It was really painful when I went to bed. [2]_____ when I woke up it didn't hurt as much, so I bought some sunscreen and went sightseeing. While I was walking around the Acropolis, I got a little hungry so I bought an ice-cream cone from a store. [3]A few _____ later, at about 5 pm, I started to feel a little sick. I needed to call the doctor, who came quickly and gave me some medicine. [4]_____ taking the medicine, I felt a lot better and [5]_____ I could start to enjoy the vacation!

A lot of good things happened yesterday, thankfully! For example, I met a really nice woman who knows a lot about the history and culture of the island. She took me to a restaurant that serves traditional Greek food – it was delicious. I hope my last few days will be fun and without any more bad luck!

Talk to you soon!
