LIVEWORKSHEETS

Bonus Skills

A Read and write.

The Walking Club

Do you want to help the environment and stay healthy at the same time? Then join the Oakwood Elementary Walking Club. Two students, Albert Gomez and Linda Hanson, started the club. Twelve students are in the club now.

Students in the club walk to school, to the convenience store, and to many other places. "We're walking to the mall on Saturday," said Albert.

Linda has taken many photos, and she has built a website for the club. "It's easy to see us in the photos," she said. "We're the ones who are wearing white shirts with sneakers on them!"

If more students join the walking club, we'll conserve a lot of energy. Join the walking club and get your white shirt today!

1. Why is it easy to see the students in the club?

_____

2. If more students join the club, what will happen?

_____

B Underline the word *who*. Draw an arrow from *who* to the name or names. Then rewrite.
