My blog: My dream bedroom

This is my dream bedroom. There's a big bed in my room and there are two chairs next to the window – one chair for me and one for my school bag! There's a bookcase next to the door and a computer on the desk. There are plants with red and white flowers on the bookcase and on the desk. And there's a sofa (MY sofa!) in front of a big TV. The sofa is my favourite thing! It's cool!
