Like a river, like a river, sh-

Like a river, like a river

Shut your and run me like a river

How do you _____ in love?

Harder than a _____ could hit ya?

How do we fall apart?

Faster than a hairpin

Don't you say, you say it

Don't say, don't you it

One breath, it'll just break it

So your mouth and run me like a

Holy hands, will it make me a sinner?

Like a river, like a river

Shut your mouth and me like a river

this love 'til the veins start to shiver

One last 'til the tears start to
wither

Like a river, like a river

Shut your mouth and run me like a river

Tales of an heart

Cursed is the fool who's

Can't the way we are

One away from killing

you say, don't you say it

Don't say, don't you say it

One breath, it'll just it

shut your mouth and run me like a
river

Shut your mouth, _____, stand and deliver

hands, will it make me a sinner?

Like a river, like a river

Shut your mouth and run me like a river

Choke this love 'til the start to shiver

One last breath 'til the tears start to

Like a river, like a river

Shut your mouth and run me like a river
