Listening Task 2536

You are going to hear a radio interview with Michelle Whiten, who works at a local hospital. For each question (1-5) choose the best answer (1, 2 or 3).

1. Michelle works as a ____

1. nurse.
2. receptionist
3. doctor.

2. Michelle says that headaches ____

1. take a long time to go away.
2. are normally easy to treat.
3. are no reason to go to the doctor.

3. Michelle says that people often sprain their ankles while ____

1. in their homes.
2. going for a walk.
3. making food.

4. The interviewer believes that aspirin ____

1. is a very popular treatment.
2. can't relieve pain as much as having a rest does.
3. can't help someone with a sprained ankle.

5. People who suffer from a minor ailment ____

1. often do not need to see a nurse or a doctor.
2. usually worry too much about it.
3. should seek advice immediately.
