## **Family Celebration**

It was a hot day, and everyone was together celebrating that Mark's wrist was better. The weather was nice and sunny. Mark's brothers were playing with water balloons while his cousins were playing football. Mark was playing catch with his friend Paul.

Mark's dad was getting the fire in the barbecue ready for dinner. There were hot dogs, hamburgers, and chicken to choose from. For dessert, they had cookies and chocolate cake. Mark's mom was setting the table. She put out plates, cups, spoons, and forks. She had to have the table set before dinner was ready.

When Dad said dinner was ready, everyone sat at the table. Mark's brothers and cousins were very hungry because they had been playing all afternoon. Dad made the best barbecue in the family, and everything was delicious. Mark was very happy that his wrist was better, so he invited the whole family to his hockey match the following Saturday morning.
