

1 Read and complete the timetable.

- 1 There are two boys and two girls. The boys are called Oliver and Frank.
- 2 Frank has two sports classes after lunch. At 11 he has art and then English.
- 3 The other boy has two maths classes. He has one before the break and one at two. He has sports after that.
- 4 Emma doesn't have any maths classes. In the morning, she has two art classes and then she has science. After science, she has geography.
- 5 Betty has science at half past nine. She has IT before science.
- 6 The boy who has two maths classes, has IT and geography between the break and lunch. His first class is music.
- 7 The girl who has history at three has maths and English before lunch. She has music after lunch.
- 8 The girl who has art in the morning has history and then English in the afternoon.
- 9 The boy who has sport in the afternoon starts the day with maths then history.
