

PRESENT PERFECT

Technology (help) the researchers and scientists of our time. New medicines and medical inventions (save) the lives of many people. They (let) people have a happy life and live longer. New medicines such as anti-cancer drugs and new antibiotics (cure) many patients. Some technological inventions (help) doctors to check people's health condition. They (find) ways to find and stop diseases in their early stages. Technology, as some people may think, is not a bad thing at all. The way we use technology is important.
