

ACHIEVEMENT		COMMENT
☐ Excellent	☐ Fair	
☐ Good	☐ Need improvement	

I. Read and follow the clues to discover the magic number.

Clues

- I am a 2-digit number.
- I do not have a 1 or a 3 as a digit.
- I have one odd number and one even number.
- When my 2 digits are added together, they equal 11.
- I have an odd number in the tens place.
- When the number in the ones place is subtracted from the number in the tens place, the answer is 7.

1 Write the magic number.

2 Write the number that is 20 more than my number.

II. Write the > (greater than) or < (less than) symbol in the circle.

1 438 ○ 740 **3** 275 ○ 952

2 164 ○ 511 **4** 893 ○ 329

III. Round these numbers to the nearest ten.

11...10 24...20 48...50 65...70
