After she has said, "Hello!"
dragon knows just where to go.

She sits down in her special place,
a dragon sitside across her face.
She's ready to begin the day.

These things are just a dragon's

round, does she whistle,
and shout out, "Mine!"?

Does this small dragon play too rough,
or march off in a grumpy huff?

or try to run away and hide?

Yes, dragons really are that SWEE
