

Grammar Homework

Singular/Plural

Week Two

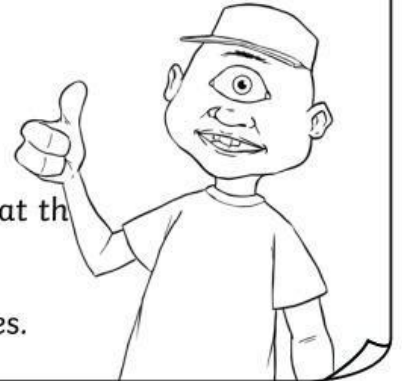

Nouns identify a person, place, thing, animal or idea. A singular noun names one person, place, thing, animal or idea, while a plural noun names more than one person, place, thing, animal or idea.

Most singular nouns need an 's' at the end to become plural:

- e.g. alien, burger and car become aliens, burgers and cars.

Most singular nouns ending in o, s, ss, sh, ch, x, or z need an 'es' at the end to become plural:

- e.g. glass, bush and dress become glasses, bushes and dresses.
