

THE IT SUPERLATIVES

Turn these adjectives into superlatives. Add "the" when needed.

1. Internet 🌐 at the office is (good) thing ever, we have (fast) connection 🖱️ I've ever experienced.
2. She is (proficient) coder on the team. She doesn't only create (impressive) codes, but also does it in (short) time possible.
3. He is (knowledgeable) 🧠 person when it comes to IT security. His measures are (strong) in the sector.
4. The new software is (bad) program I've used 🤔; literally (slow) 🐢, (ugly), (little) user-friendly app ever created.
5. This team is (responsive) group of professionals I've worked with. Their time ⌚ to market is (quick) in the industry.
