Wedding Disaster	
My wedding had been being arranged for months. I knew exactly what I wanted for that special day. I had the caterers give me a menu and have got them to provide me with samples so as that I could be sure we would have the best food. I also wanted to have us a string quartet play classical music and I arranged that, too. My dress was been being made specially and I asked the dressmaker to put silver thread in it. Finally, the big day got arrived. My dress was being delivered in the morning, but by ten it still hadn't arrived. They called to me and said it had been being damaged! I was furious! I had my best friend quickly pop out and get a new dress. I got my lawyer to call to get my money back enough.	24. _____
