

PETS At Luciana's pet boarding facility, it costs \$35 per day to board a dog. Every fraction of a day is rounded up to the next day. Copy and complete the table. Then graph the function.

Days	Cost (\$)
$0 < x \leq 1$	35
$1 < x \leq 2$	70
$2 < x \leq 3$	105
$3 < x \leq 4$	140
$4 < x \leq 5$	175
$5 < x \leq 6$	210
