

Halloween

Halloween is on October 31st. Halloween has been a festival for more than 2000 years now!

The people at the Celts had a New Year's party on November 1st. They said that the year has two parts: summer and winter. So, when summer ended and winter started, they celebrated.

They thought that in night before winter dead people, witches and ghosts come to the world and play tricks. They wanted that the ghosts, witches, and dead people go away. So, they had costumes to scare them. They cut faces in pumpkins and put candles inside. They said the name of the pumpkins with candles inside is "Jack – o – Lantern".

Today on Halloween children wear costumes. They are ghosts, witches, or skeletons. They go from house to house and say, "Trick or Treat". When people don't give them a treat (sweets) they play a trick.

Teenagers often have Halloween parties- The wear costumes, too. Normally the one with the best costume gets a prize. And there are contents for cutting a scary face into a pumpkin, too.

1. Read the sentences and cross out the wrong information. Write the right word on the line.

- a) Halloween is on October 30th. _____
- b) Halloween is 500 years old. _____
