

## Squonk (Genesis)

Like father, like .....  
Not flesh, nor ..... nor bone  
A red rag hangs from an open mouth  
Alive at both ends, but a little ..... in the middle  
A-tumbling and a-bumbling he will go  
All the King's ..... and all the King's men  
Could never put a ..... on that face

He's a sly one, he's a ..... one, wouldn't you be too?  
Scared to be left out on his .....  
He hasn't a, hasn't a friend to play with, the ..... duckling  
The pressure on, the bubble will burst before our eyes  
And all the while in perfect time  
His ..... are falling on the ground  
But if you don't stand up, you don't stand a .....  
You don't stand a chance

Go a little ....., now  
You might get there in time  
Mirror, mirror on the wall  
His heart was ..... long before he ever came to you  
Stop your tears from falling  
The ..... they leave is very clear for all to see at night  
All to see at night  
They come at night

In season, ..... of season  
Oh, what's the difference  
When you don't know the .....?  
In one hand ....., the other a stone  
The hunter enters the .....  
All are not huntsmen who blow the huntsman's horn  
And by the look of this one, you've not got much to fear

Here I am, I'm very ..... and frightening  
Come to match my skill to yours  
Now listen here, listen to me, don't you run away now  
I am a ....., I'd really like to play with you  
Making noises my little ..... friend would make  
I'll ..... him, then I'll kick him into my sack  
You'd better watch out, you'd better watch out

I've got you, I've got you  
You'll never get .....  
Walking home that night  
The ..... across my back  
The sound of sobbing on my shoulder  
When suddenly, it stopped  
I opened up the sack, all that I had  
A pool of ..... and tears  
Just a pool of tears  
Just a pool of tears

All in all, you are a very dying race  
Placing trust upon a ..... world  
You never had the things you thought you  
should've had  
And you'll not get them now  
And all the while in ..... time  
Your tears are falling on the .....
