

Lesson 2 Engineering Projects

A Match. Then number.

1. Seikan _____

a. Canal

2. Taipei 101 _____

b. Railway

3. Erie _____

c. Tunnel

4. Oliveira _____

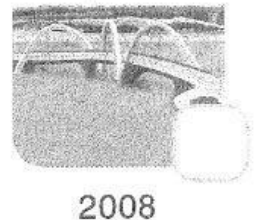

d. Dam

5. Hoover _____

e. Bridge

6. Trans-Siberian _____

f. Building

B Look at A. Write.

1. The Seikan Tunnel was completed in 1988.

2. _____

3. _____

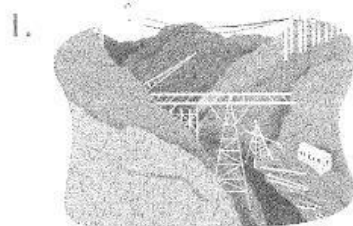

4. _____

5. _____

6. _____

C Write.

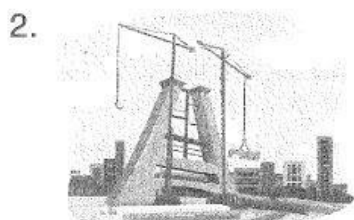

Oliveira Bridge 2003 finished started constructed
Hoover Dam was when 1936

1931–1936

_____ was the _____
constructed?

It was _____ in 1931, and it was _____
in _____.

2003–2008

_____ was the _____
_____?

It _____ in _____, and it
_____ in 2008.

Skills Reading

D Read and write.

A Visit to Tokyo Tower

Toshi and Kenji are students in Tokyo, Japan. Today, they and their classmates are visiting Tokyo Tower.

“This is a beautiful tower,” says Kenji.
“When was it constructed?”

“I think it was finished in 1958,” says Toshi. “Is that right, Mr. Endo?”

“You’re right, Toshi,” says Mr. Endo. “It was started in June 1957, and it was finished in December 1958.”

“Wow, that’s only eighteen months,” says Kenji.

“That’s right,” says Mr. Endo. “Over one hundred fifty million people have visited the tower since it was finished.”

1. When was Tokyo Tower started?

2. When was Tokyo Tower finished?

3. How long did it take to construct Tokyo Tower?
