

Recycling Makes the World Go Round

**HOW TO USE WASTE
PAPER IN ART CLASSES**

**Erasmus +Project Nr.
2022-1-R001-KA220-
SCH-000089992**

Find out the steps of using waste paper in art classes by using the letters and writing the key word in the box at the bottom of the page

This way you will find out the sequence of the steps to follow when waste paper is used in art classes

A

Mix the squeezed paper with glue and remove the excess glue by squeezing the paper again with your hands.

T

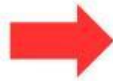

**After the paper has
enough glue, stick it
to a cardboard and
create shapes to
paint later.**

recycled paper texture

E

Squeeze the water from the paper using your hands and place the paper in a bowl to use it later.

C

Take old, used paper that you may have in your house and chop it up into little pieces using a chopping machine or your own hands.

E

**Let the paper dry
and give it some
colour by painting it
however you like.**

R

Mix the chopped paper with water and let it sit for 2 minutes.
