

1. *Escribe el número correcto.*

 +  = <input type="text"/> 6 + 4 = <input type="text"/>	 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>
 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>	 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>
 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>	 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>
 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>	 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>
 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>	 +  = <input type="text"/> <input type="text"/> + <input type="text"/> = <input type="text"/>

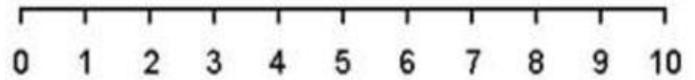

2. *Escribe el número que falta, usando la recta numérica.*

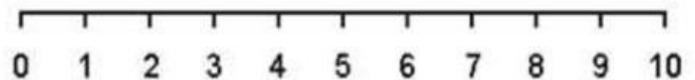

$9 + \text{☁} = 10$

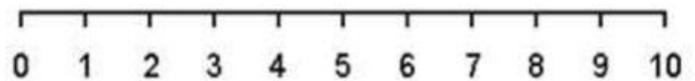

$3 + \text{☁} = 10$

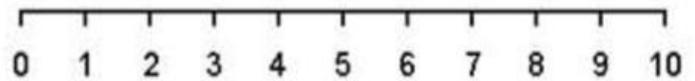

$2 + \text{☁} = 10$

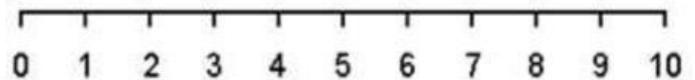

$4 + \text{☁} = 10$

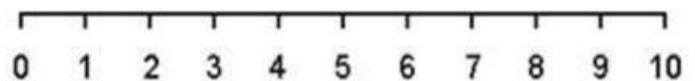

$5 + \text{☁} = 10$

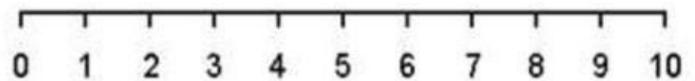

$8 + \text{☁} = 10$

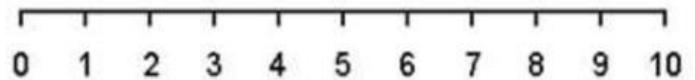

$7 + \text{☁} = 10$

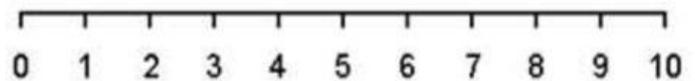

$1 + \text{☁} = 10$

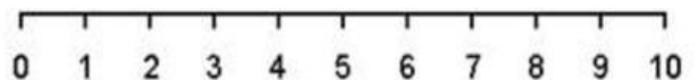

$6 + \text{☁} = 10$

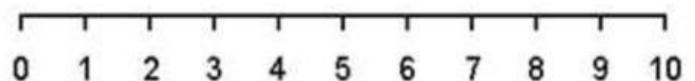

$10 + \text{☁} = 10$

$2 + \text{☁} = 10$

$5 + \text{☁} = 10$

3. *Escribe el número conectado.*
