

Listening activity

1) Listen to people talking about the effects of globalization in their life and how often they enjoy the effects of it in their lives and complete with the missing words

**Gemma:** You know Taylor; the other day I was reading about how globalization affects us in our daily life.

**Taylor:** What do you mean?

**Gemma:** I mean that globalization affects everything: the clothes we buy, the food we eat, how we communicate \_\_\_\_\_, everything!

**Taylor:** Really? Well, then there are many things that I enjoy and that I don't enjoy too much in my daily life.

**Gemma:** Okay, then tell me some of them!

**Taylor:** Okay, for example: I \_\_\_\_\_ travel by plane to Europe, I \_\_\_\_\_ buy cellphones that come from different countries around the world because they are not made in my country. I \_\_\_\_\_ eat Chinese noodles that come directly from China to the supermarket, but I \_\_\_\_\_ buy items on the internet from other countries, because they can be different. What about you?

**Gemma:** That is not only you, my sister \_\_\_\_\_ buys items on the internet because she has had terrible experiences doing it. Well I enjoy the simple things, for instance I \_\_\_\_\_ watch videos on YouTube of Japanese people and I \_\_\_\_\_ use the social media to communicate with people around the world. However, I \_\_\_\_\_ use online chats, because you \_\_\_\_\_ know who is talking to you!

**Taylor:** Yes, you're right. See! There are many ways in which the globalization affects our lives and we \_\_\_\_\_ realize it.

**Gemma:** For sure, I \_\_\_\_\_ think about it.

**Taylor:** I know!
