Cyberbullying	guidelines to behave on the internet

1. Sending a message to a friend on the internet is not the same as saying it in person, so I can be mean
2. It is important to ask an adult before we share a picture online.
3. The Internet is safe and healthy even if I use it without supervision and for a long time
4. When I delete a photo from the internet, nobody can see it anymore
5. I should put my electronic devices away when I'm [illegible]
