The Bugs Are Marching

The bugs are marching in the grass. Hoorah! Hoorah!

The bugs are marching in the grass. Hoorah! Hoorah!

The bugs are marching in the grass.

The bugs are marching in the grass.

And they all go marching on and on and on and on and on.

The butterflies are in front of the bees. Hoorah! Hoorah!...

The ladybugs are behind the ants. Hoorah! Hoorah!...
