

Part 4

– 10 questions –

Read the text. Choose the right words and write them on the lines.

Swans

Example

- Swans are the largest birds in the duck
 1 family. There are six different kinds swans
 which have white bodies, but in a few parts of the world there are
 black swans too. Swans are clever and remember people who have
 2 kind or unkind to them! A frightened
 3 really angry swan can break a man's leg
 4 its strong wings!
- Swans live on rivers and lakes. But in the winter months, some
 might live near the sea because salt water is usually a little
 5 than river water. Swans don't usually fly
 6 very far from the place they build their
 nests. It takes between 35 and 42 days for a baby swan, which
 7 called a 'cygnet', to break open its egg!
- A baby swan can be grey white. Wild swans
 usually live for about seven years, but some live a lot longer. A swan
 9 eats underwater plants. It finds these by its
 long neck deep into the water and its tail up into the air! Swans might
 10 eat small frogs and insects.

Example	the	a	one
1	of	up	off
2	be	been	being
3	or	because	while
4	out	at	with
5	warm	warmer	warmest
6	who	if	where
7	are	is	was
8	not	nowhere	no
9	puts	put	putting
10	ever	also	yet
