1. _____ we were woven in the depths of the earth,
Before we even came into this world,
Jehovah saw right from the start
Deep down inside our beating heart.
Just _____ and think what that means.

(CHORUS)

He knows you; he _____ me—
What we feel, what we see,
When we try hard to give our best,
The joys we feel, and our regrets.
He knows you; he knows me—
What we _____, what we plead.
When we can't find the words to say, we're not _____.
He knows.

2. Like a _____ wants his child to succeed,
That's how he feels _____ you and me.
He sifts through us and sees where we shine
And who we can be in Paradise.
So _____ know that he cares.

(BRIDGE)

So we must look up above and _____ forget about
_____ and pray—and pray.
Tell him when _____ is hard and fear's got a grip on our heart.
_____, we're okay; we _____ to be afraid.
